NO MORE SCRUBBING, NO MORE EYESORE

No need to clean and scrub this cover as leaves and debris can be blown or swept right off! Choose from 4 great colours, which means no more unsightly black tarp to look at for the entire winter.

THE STRENGTH IS IN THE SEAMS

Safety is in the details. Seams are interlocked & double overlapped using special UV & chemical resistant threads. A Box Tack reinforces the straps while the protective pads prevent abrasion.

COST EFFECTIVE

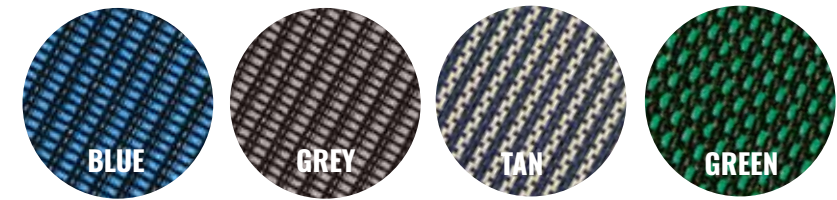

The rainfall and snow melt will help fill your pool for the Spring meaning less money to get to the proper operating level.

EASY TO USE

Safety Covers come with an easy-to-use application tool so that you can put the cover onto the achors with minimal stress. Contact one of our service experts if you wish to get assistance in applying the cover for pool closing.
